First I want to say, awesome job, thank you for taking the time to put this together. I think ive found an error. In the alerts, when you select small green dot, instead of alerting to the small green buy dot it alerts to the momentum wave green dot. Also on the "big green circle and divergence" alert, the big green circle is divergence. Maybe im missing something?

 **stevebendon78**  **stevebendon78** Apr 20  

Ahh nevermind, i get it now. I thought it meant the little green dot that you get when its oversold because that is the little dot but it makes sense now. thanks

 **Zett** Dec 24, 2019  

Hello. I found a bug: line 47 says:

```
vwapShow = input(true, title = 'Show Fast WT', type = input.bool)
```

Should be Show VWAP. Thanks for the effort.

+51   [Reply](#)

 **BPLove**  **Zett** Feb 19  

@Zett, Hello. Just to be clear for us newbies... you're saying that:

```
vwapShow = input(true, title = 'Show Fast WT', type = input.bool)
```

should be

```
Show VWAP = input(true, title = 'Show Fast WT', type = input.bool)
```

or

```
ShowVWAP = input(true, title = 'Show Fast WT', type = input.bool)
```

I'm not a programmer but assume the syntax makes a difference. Also, you wrote this over a year ago and the code on TV still shows the bug you mention. I wonder why this is, if the code is wrong.

Please help! Thank you so much!! :-0)

@BPLove, found about it?

+1   [Reply](#)

 **BPLove**  **mmantillamendez** Feb 22  

@mmantillamendez, Nope. No reply yet.

 [Reply](#)

 **vumanchu**  **BPLove** Feb 25  

@BPLove, The Vwap bug has been updated via the comments above^ thanks guys!

 [Reply](#)

 **BPLove**  **vumanchu** Feb 25  

@vumanchu, Thanks for replying. So does the space between "Show VWAP" need to be there or is it "ShowVWAP"? Thanks!

 [Reply](#)

 **edd1e1** Mar 2  

@vumanchu, The MFI zone is not configured, only the lines remain. Happened today. button Plots background doesn't work

+1   [Reply](#)

 **vumanchu**  **edd1e1** Mar 2  

@edd1e1, not sure what happened, TV must have updated something there are a few other indicators that are not showing either

+1   [Reply](#)

 **BPLove** Feb 26  

@mmantillamendez,

I don't get what Zett is talking about nor VMC. I went and changed "vwapShow" (original code) to "Show VWAP" as specified as a fix by @Zett. Nope. Error. Then I changed it to "ShowVWAP" (no space). Again, error. Fail.

So, I switched it back to the way it was before and the indicator works again. *shrug* I don't understand what all this is about and why the comment got 35 likes. I'm confused. :-)

 **xenoxilus**  **BPLove** Mar 1  

@BPLove, not really a "bug", just a display error. It should have been title = 'Show VWAP'.

What you were changing was the function's name, which broke it because it was being called further down (and you didn't change the name of the calls as well)

+1   [Reply](#)

 **BPLove**  **xenoxilus** Mar 1  

@xenoxilus, Oh, that makes sense. I will just leave it alone since it seems to be working, but thanks for the clarification! :-)

@BPLove, no he means it should be:
vwapShow = input(true, title = 'Show VWAP', type = input.bool)

Aug 25, 2020

Hello, your script is more then awesome. I clear them litle. I use them with combination and i got almost 90% correct entranse. But i saw one problem. I got the alert about 2 hour later then big green+div will appear. Can you check it?

P.S

I saw this on 1 hour charts.

@Harlov, What combination do you use this indicator with? Did you make sure you setup the alert correct?
